Choose two of the following if not completed in Core Curriculum:

BA 1310 Making Choices in Free Market Systems^{1, 2}

BA 1320 Business in a Global World^{1, 2}

ECON 2301 Principles of Macroeconomics^{1, 2}

ECON 2302 Principles of Microeconomics^{1, 2}

Major Core Courses: 25 semester credit hours

BA 1105 Professional Development (JSOM first-time-in-college freshmen are required to take **BA 1105** in their first spring semester)

or **BA 3105** Professional Development (Transfer students and students new to JSOM are required to take **BA 3105** in their first semester)

BCOM 3300 Business Communication

BUAN 3301 AI in Business

FIN 3320 Business Finance

IMS 3310 International Business

ITSS 3300 Information Technology for Business

MKT 3300 Principles of Marketing

OBHR 3310 Organizational Behavior

or **OBHR 3330** Human Resource Management in Business

OPRE 3310 Supply Chain and Operations Management

Experiential Learning

A capstone course is required for all undergraduate JSOM students and must be selected based on the chosen concentration.

A practicum experience of at least 160 working hours is required, with registration in one of the courses below. Depending on the internship and preference for additional electives, the student may qualify for a zero to 3 semester credit hours course. Credit cannot be received for both **FIN 4V80** and **FIN 4380**.

FIN 4080 Finance Internship^{4, 5}

Students are required to complete 100 hours of community engagement experience:

BA 4095 Social Sector Engagement and Community Outreach Practicum⁶

Major Related Courses: 9 semester credit hours

FIN 3390 Introduction to Financial Modeling

FIN 4300 Investment Management

FIN 4310 Intermediate Financial Management

Concentrations: 24 semester credit hours

Students pursuing a Bachelor of Science in Finance degree will be best prepared for certain career paths as they complete the course work required for each of the following concentrations. The Financial Management Concentration is designed for students, who wish to choose guided elective courses flexibly.

A. Financial Management Concentration (flexible option): 24 semester credit hours

Students, who wish to choose guided elective courses flexibly, should select the Financial Management Concentration.

Complete one of the following to satisfy the Capstone requirement:

BPS 4395 Capstone Senior Project - Business

or **FIN 4395** Capstone Senior Project - Finance

or **FIN 4328** Real Estate Valuation

or **FIN 4333** Enterprise Risk Management

or **FIN 4381** Fund Management II

Students must complete 21 semester credit hours with any FIN courses not used elsewhere on the student's degree plan. FIN courses include but are not limited to:

FIN 3300 Personal Finance

FIN 3305 Real Estate Principles

FIN 3340 Regulation of Business and Financial Markets

FIN 3350 Financial Markets and Institutions

FIN 3358 Real Estate Markets and Investments

FIN 3360 Entrepreneurial Finance

FIN 3365 Real Estate Finance and Principles

FIN 3370 Principles of Risk Management and Insurance

FIN 3375 Life and Estate Planning

FIN 3380 International Financial Management

FIN 3395 Financial Modeling and Valuation

FIN 4303 Investment Strategies

FIN 4305 Fixed Income Securities Analysis

FIN 4307 Private Equity

FIN 4314 Energy Finance

FIN 4315 Behavioral Economics and Finance

FIN 4321 Real Estate Law and Contracts

FIN 4322 FinTech Markets

FIN 4330 Estate Planning

FIN 4331 Business Liability Risk Management and Insurance

FIN 4332 Commercial Property Risk Management and Insurance

FIN 4334 Insurance Law and Contracts

FIN 4335 Financial Aspects of Retirement, Compensation, and Employee Benefits

FIN 4336 Risk Systems and Theories

FIN 4337 Business Valuation

FIN 4338 Foundations of Risk Analytics and Applications

FIN 4340 Options and Futures Markets

FIN 4345 Financial Information and Analysis

FIN 4346 Applied Machine Learning in Finance

FIN 4347 Applied Machine Learning using Excel

FIN 4351 Operational Risk Management

FIN 4352 Financial Risk Management

FIN 4353 Principles of Information Security

FIN 4354 Cybersecurity Risk Management

FIN 4390 Seminar for Professional Program in Finance

Students in the Financial Management Concentration may also substitute up to 6 semester credit hours with ACCT, ITSS, MATH, MECO, or STAT courses that are not used elsewhere on the student's degree plan. A student's request will be formally reviewed for approval or denial.

Students in the Jindal Undergraduate Research Scholars program should take **BA 3340**, **BA 3350**, and up to 3 SCH of an Individual Study based on the major to satisfy JURS program requirements. These credits may be applied to the financial management concentration.

B. FinTech Concentration: 24 semester credit hours

Students may focus on the FinTech (Financial Technology) concentration, combining finance, risk management, or real estate knowledge with programming and data analytics as demanded by the marketplace.

Complete one of the following to satisfy the Capstone requirement:

BPS 4395 Capstone Senior Project - Business

or **FIN 4395** Capstone Senior Project - Finance

or **FIN 4328** Real Estate Valuation

or **FIN 4333** Enterprise Risk Management

or **FIN 4381** Fund Management II

Complete 18 semester credit hours from the following courses. These courses are required for this concentration and no substitution is allowed:

ITSS 3311 Introduction to Programming⁷

ITSS 3312 Object-Oriented Programming

or **ITSS 3390** Web Design and Development for Business Applications

or **ITSS 4381** Object Oriented Programming with Python

ITSS 4300 Database Fundamentals

or **FIN 4345** Financial Information and Analysis

FIN 3350 Financial Markets and Institutions

FIN 4322 FinTech Markets

FIN 4346 Applied Machine Learning in Finance

or **FIN 4347** Applied Machine Learning using Excel

Students must complete 3 semester credit hours with any FIN courses not used elsewhere on the student's degree plan. Students may also take an ITSS course in place of one of these FIN courses if it is not used elsewhere on the student's degree plan. A student's request must be formally reviewed for approval or denial.

C. Corporate Finance Concentration: 24 semester credit hours

Students who choose this concentration will focus on the skills necessary to manage the financial problems of a firm. Students completing this concentration pursue careers as corporate financial officers, private equity capitalists, and investment bankers.

Complete one of the following to satisfy the Capstone requirement:

- BPS 4395** Capstone Senior Project - Business
- or **FIN 4395** Capstone Senior Project - Finance
- or **FIN 4328** Real Estate Valuation
- or **FIN 4333** Enterprise Risk Management
- or **FIN 4381** Fund Management II

Complete 9 semester credit hours from the following courses. These courses are required for this concentration, and no substitution is allowed:

- FIN 3380** International Financial Management
- FIN 3395** Financial Modeling and Valuation
- or **FIN 4345** Financial Information and Analysis
- FIN 4307** Private Equity
- or **ACCT 4336** Financial Statement Analysis
- or **FIN 4337** Business Valuation

Students must complete 12 semester credit hours with any FIN courses not used elsewhere on the student's degree plan. Students in the Corporate Finance Concentration may also substitute up to 6 semester credit hours with ACCT courses that are not used elsewhere on the student's degree plan. A student's request must be formally reviewed for approval or denial.

D. Investment Concentration: 24 semester credit hours

Students who choose the Investment concentration study to become investment analysts and investment advisors. Careers in this field include security analysts, portfolio managers, etc. Students who complete this concentration should be prepared to take the CFA® level 1 exam.

Complete one of the following to satisfy the Capstone requirement:

- BPS 4395** Capstone Senior Project - Business
- or **FIN 4395** Capstone Senior Project - Finance
- or **FIN 4328** Real Estate Valuation
- or **FIN 4333** Enterprise Risk Management

or **FIN 4381** Fund Management II

And students must complete 12 semester credit hours with any FIN courses not used elsewhere on the student's degree plan. Students in the Investment Concentration may also substitute up to 6 semester credit hours with MATH or STAT courses that are not used elsewhere on the student's degree plan. A student's request must be formally reviewed for approval or denial.

Complete 9 semester credit hours from the following courses. These courses are required for this concentration, and no substitution is allowed.

FIN 3350 Financial Markets and Institutions

or **FIN 4305** Fixed Income Securities Analysis

FIN 4303 Investment Strategies

FIN 4340 Options and Futures Markets

E. Real Estate Finance Concentration: 24 semester credit hours

Students who choose this concentration will learn both the qualitative and quantitative tools necessary to enter one of the many different areas within real estate, including investment analysis, consulting, brokerage, appraisal, development, and corporate asset management.

Complete the following to satisfy the Capstone requirement:

REAL 4328 Real Estate Valuation⁸

Complete 12 semester credit hours from the following courses. These courses are required for this concentration and no substitution is allowed:

REAL 3305 Real Estate Principles

REAL 3358 Real Estate Markets and Investments

REAL 3365 Real Estate Finance and Principles

REAL 4321 Real Estate Law and Contracts

Complete any 9 semester credit hours of upper-division courses not used elsewhere on the student's degree plan. **RMIS 4332** and **FIN 3390** are recommended but not required.

F. Risk Management and Insurance Technology Concentration: 24 semester credit hours

Students who choose this concentration will learn both the qualitative and quantitative tools necessary to enter one of the many different areas within the risk management and insurance industries.

FIN 3370 Principles of Risk Management and Insurance

Complete the following to satisfy the Capstone requirement:

FIN 4333 Enterprise Risk Management

Select 18 semester credit hours from the following. These courses are required for this concentration and no substitution is allowed:

FIN 4322 FinTech Markets

FIN 4331 Business Liability Risk Management and Insurance

FIN 4332 Commercial Property Risk Management and Insurance

FIN 4334 Insurance Law and Contracts

FIN 4336 Risk Systems and Theories

FIN 4338 Foundations of Risk Analytics and Applications

FIN 4345 Financial Information and Analysis

FIN 4346 Applied Machine Learning in Finance

FIN 4351 Operational Risk Management

FIN 4352 Financial Risk Management

FIN 4353 Principles of Information Security

FIN 4354 Cybersecurity Risk Management

III. Elective Requirements: 4 semester credit hours

Free Electives: 4 semester credit hours

Both lower- and upper-division courses may count as electives.

The plan must include sufficient upper-division courses to total 45 upper-division semester credit hours.

1. Indicates a prerequisite class to be completed before enrolling for upper-division classes.
2. A required Major course that also fulfills a Core Curriculum requirement. Semester credit hours are counted in Core Curriculum.
3. Students may use ENGR 2300, TE 2305, MATH 2418, or MATH 2333 as a substitute for OPRE 3333. Students may use CS 3341, ENGR 3341, SE 3341, STAT 3341, STAT 2332, STAT 3355, STAT 3360, or STAT 4351 as a substitute for OPRE 3360.
4. Students employed in full-time jobs may fulfill their internship requirement with their current employer as a special project with preapproval from their program director.
5. Students may fulfill the internship requirement with FIN 4080, FIN 4V80 (1-3 semester credit hours), or FIN 4380. The zero-semester credit hour course FIN 4080 is recommended as the most efficient way to satisfy this requirement. If the variable credit internship or community engagement option is taken, semester credit hours apply as guided elective credit towards degree requirements.
6. Students may fulfill the community engagement requirement with BA 4095 or ENTP 4340. The zero-semester credit hour course BA 4095 is recommended as the most efficient way to satisfy this requirement. If the variable credit community engagement option is taken, semester credit hours apply as guided elective credit towards degree requirements.
7. Completion of CS 1436 and/or CS 1337 with a C or better will satisfy ITSS 3311 with an additional 3 semester credit hours of ITSS upper-division courses (excluding ITSS 4301 and ITSS 4V90).

8. Students in the Real Estate Finance concentration may take BPS 4395 as a substitute for REAL 4328 if REAL 4328 is not available.
