The Campus Experience

Student Success

UT Dallas at A Glance

The Student Success Center

About the Student Success Center (SSC)

- ▶ Convenient location in McDermott Library
- ▶ Free for all undergraduate students
- ▶ Drop-in labs, appointments, and group study options available
- ▶ Math, Chemistry, Rhetoric, Communication, and many other courses supported

Peer Support Model

- 200+ student employees work in various SSC programs
- 44% of our graduating seniors plan to attend graduate school
- 28% of our Peer Leaders are NSMT majors and 24% are ENCS majors

“I felt that the SSC had a really prominent role in my own life as a freshman. Not only did it help me meet my closest friends, but it also put me into a place where I could see the types of thinking I was being expected to do. My leaders were always encouraging and really set the framework for how I approached college. It made the transition (social, academic, and emotional) so much more joyful and I can only hope to be able to give a bit of that back to my students.”

-Supplemental Instruction Peer Leader

The Student Success Center

STEM Course Support

- **PEER TUTORING**
 - > Drop-in lab with Math, Chemistry, Physics, & other 1000 and 2000 level course support
- **PEER-LED TEAM LEARNING**
 - > Register for this weekly cohort-style program that supports Math & Chemistry
- **SUPPLEMENTAL INSTRUCTION**

- **COMMLAB**
 - > Support for COMM 1311 & 1315 and any speech or presentation, including interview prep
- **ACADEMIC SUCCESS COACHING**
 - > Meet 1:1 with SSC staff to learn about resources and successful study strategies

The SSC is for everyone!

SMART KID, NEVER HAD TO STUDY BEFORE

Did high school come easy for you? Were AP classes no big deal?

- College coursework can be a challenge for everyone.
- Rigorous courseload + extracurriculars + on-campus job = stress
- 70% of students utilizing our Academic Success Coaching noted procrastination is the biggest barrier to success.
- Our Peer Leaders encourage building in EXTRA study time for historically challenging classes like Calculus and Physics - understanding concepts at this level requires more study time than you think!

The SSC is for everyone!

HERE TO PASS, NOT ACE THE CLASS

Just trying to knock out core classes?

- You know your strengths! Sometimes a B- in General Chemistry is all you need, and that's okay.
- Peer Leaders break down the concepts for you so you can work at your own pace and skill level.
- 55% of first time in college students visit the SSC!

The SSC is for everyone!

MATH IS HARD, I'LL TAKE ALL THE HELP I CAN GET!

Looking for personalized support? Want to make sure your mid-term grade isn't scary?

- The transition from high school to college is hard - faster pace, difficult concepts, higher stakes.
- Come early, come often. Visit the SSC and make it a part of your regular schedule.
- The SSC is here for you ALL semester! Prep for your first quiz, midterms, and finals all in the same place.

Accountability Groups

A weekly 80-minute session offering structured individual work time as well as collaborative conversation about academic success strategies.

“Every week I looked forward to going to the meetings. It didn’t feel like I was forced to study; it felt like I finally got to study.”

- Spring 2025 Accountability Group member

WHO SHOULD SIGN UP?

- Students who have a difficult time concentrating on coursework on their own or are easily distracted when doing homework
- Students who need someone to hold them accountable for their goals
- Students who have a hard time carving out 60 minutes of focused time to complete homework, write an essay, or read and take notes from your textbook
