Our team of advisors can help with the following:

- Exploration of majors
- Registration advising and course selection
- Course difficulties
- Approval for taking courses off campus

Students who are in one of the following categories *must* meet with their advisor prior to registration:

- Freshmen
- Newly admitted transfer students
- Academic probation and academic warning
- Nondegree seeking or second bachelor's degree

Meeting Preferences

We strongly encourage **in-person advising appointments** whenever possible. Face-to-face conversations help us better connect with you, understand your academic and personal goals, and provide individualized guidance in alignment with our commitment to *holistic, student-centered advising*.

- Fast Track
- EPPS Undergraduate Honors Program

We understand that work schedules and professional obligations can sometimes make in-person meetings difficult. If you are unable to meet on campus due to verified work-related conflicts, you may request a **virtual appointment** so that you can still receive timely and comprehensive advising support.

Our Commitment to Advising Excellence

Our advising practices are guided by the UT System Excellence in Academic Advising Framework and its emphasis on:

- **Relational Excellence** – Ensuring every student feels heard, supported, and valued in their advising interactions.
- **Holistic Support** – Considering both academic and non-academic factors when helping you plan your path to graduation.
- **Individualized Pathways** – Working with you to create and update degree plans that reflect your unique goals, timelines, and circumstances.
- **Accessible Resources** – Providing clear, accurate, and timely information in ways that meet your needs, whether in person or virtually.

By prioritizing personal connection and flexibility, we aim to make each advising interaction a meaningful step toward your academic and professional success.

Students should plan to meet with their assigned advisor at least once per semester.

Fast Track

UTD undergraduate students who meet requirements may begin to work on an EPPS master's degree before graduating with their bachelor's degree. Students who successfully complete the Fast Track requirements will NOT need to complete the graduate application, letters of recommendation, the GRE or the personal narrative to apply to an EPPS master's program.

We are also happy to announce the new accelerated master's program with **UTHealth Houston**, offered in partnership with our **Public Health** program. Please contact EPPSUGAdvising@UTDallas.edu for more details.

Peer Mentors

Our Peer Mentors are EPPS students who can assist new and continuing students with:

Semester planning, including:

- How to read degree plan and use Schedule Planner to choose classes.
- Student perspective on courses and course load (core + EPPS).
- Assist with first-semester course planning during Orientation.
- Understanding the academic calendar and registration/withdrawal deadlines
- Basic advising vocabulary
- General campus information, including referrals to other offices when necessary

Please contact our peer mentors at EPPSUGAdvising@utdallas.edu.
